COMIC/Kentaro Yabuki STORY/Saki Hasemi

Cast Introduction

The super-sweet, super-innocent young man Yuuki Rito's days of trouble begin anew! On top of the beauties returning from the previous series, *To Love-Ru*, there are a bunch of new characters! We've got a feeling some new flavors of trouble are brewing for our hero...

Celine

A girl born from a super-rare variety of plant from the Planet Plantas.

Yuuki Mikan

Rito's younger sister. Given how mature and level-headed she is, you wouldn't think she's an elementary school student! She keeps a close watch on the love between Rito and all the other girls and is also Yami's best friend!

Lala Satalin Deviluke

The first princess of the planet Deviluke, the world which governs the entire Milky Way Galaxy. When she ran away to Earth, she happened to meet Rito, fell in love with him, and moved into his house.

Sairenji Haruna

Rito's classmate, who has yearned to be with him since they were in middle school together. She confided these feelings to Lala, and became her rival for his affections.

Kotegawa Yui

Rito's classmate, with a super tsundere personality. A serious girl with no tolerance for those who would engage in untoward behavior.

Yami (Golden Darkness)

A terrifyingly skilled assassin, viewed as the most deadly in the universe! She received orders to eliminate Rito and made her way to Earth...but before she realized it, she had grown accustomed to everyday life on that blue world!

Yuuki Rito

A sweet, innocent high school student who leads a life full of never-ending trouble. His heroic personality naturally attracts the love of all those around him!

Nana Astar Deviluke

Lala's younger sister, and the second princess of Deviluke. Possesses the ability to commune with animals.

Momo Belia Deviluke

Lala's other younger sister, and the third princess of Deviluke. Possesses the ability to commune with plant life. She seems sweet and innocent, but in reality, she has a hidden side...

READING DIRECTIONS

This book reads from *right to left*, Japanese style. If this is your first time reading manga, you start reading from the top right panel on each page and take it from there. If you get lost, just follow the numbered diagram here. It may seem backwards at first, but you'll get the hang of it! Have fun!!

Double Trouble!

In this sequel series to *To Love Ru*, Princess Lala's younger sister Momo begins her own marital machinations to ensnare poor Rito. But to make her plan a reality, he has to become king of their interstellar empire, which would allow him to marry as many women as he wants! As Rito's heart continues to waver between Lala and his first crush, Haruna, Momo finds herself unable to deny the feelings she has for the hapless earthling high schooler. Could a human-alien harem be the solution to all their problems?

Sequel to the *Shonen Jump* Hit that Inspired Multiple Anime!
